

≡Welcome≡

Welcome back! We hope you enjoyed a restful half term. We are now officially on the countdown to Christmas, with lots of brilliant things coming up to enjoy!

As always, please check Dojo regularly for class updates, as there will be many festive reminders coming up.

Science

In KS1 our topic focus this half term is animals and their habitats. To support our learning we will be enjoying a trip to Flamingo Land.

History

In History, we will be learning about photographs and how these can help us to learn about the past. We will explore photographs of our local area from the past and discuss how the area has changed in comparison to the modern day.

Literacy

In Literacy this half term, we will be completing our learning about story writing using our text Super Milly and the Super School Day. We will then move on to explore reading and writing through a Christmas theme.

EYFS

This half term we will continue learning through exploration, enjoying our daily indoor and outdoor provision.

It is an exciting time of year in school and a joy to be a part of the 'buzz' inside the classroom!

As well as rehearsing for our Nativity performance, we will also be enjoying a range of classroom based activities around the Christmas story.

Please continue to support your child's reading at home with their weekly book.

Please could you ensure these are returned on Fridays.

Music

This half term we will be focussing on singing as we prepare our class Nativity performance for you to enjoy!

PE

Our PE session with Hawkes Health continues to take place on Tuesday. All children may come to school on Tuesday wearing their PE kit.

Maths

In Year 1 this half term we will be securing our knowledge of mathematical facts from 0-10.

In Year 2, children will be exploring single and double digit numbers and solving problems with these in given equations.

We will also continue our daily Mastering Number sessions.

Art & DT

This half term KS1 are focussing on sculpture using clay. Through this, children will develop a Christmas themed fireplace tile using a range of cutting and joining techniques.

IT

KS1 will be learning about mouse skills. The children will explore how to navigate a computer using a mouse to log on.

Autumn Term 2

PSHE & RE

In PSHE this half term our focus will be on 'our happy places', delivered through the My Happy Mind scheme.

In RE, we will be learning about the Christmas story.
