

Welcome

Welcome back! We hope you enjoyed a restful half term. We are now in our final half term before the summer break! There will be lots going on in school in the coming weeks as we celebrate all of our wonderful children and their successes this year.

As always, please check Dojo regularly for class updates.

Literacy

In Literacy this half term, we will be reading 'A Walk in London.' We will explore the sights of the city and use this to support our writing of factual information.

EYFS

This half term we will continue learning through exploration, enjoying our daily indoor and outdoor provision.

Children will begin by exploring plants. They will learn about what plants need to survive and grow and use their knowledge to look after their own sunflower seeds! Our learning will initially be supported by the story 'Katie and the Sunflowers.' Children will also continue their daily Mastering Number sessions.

Please continue to support your child's reading at home with their weekly book.

Science

In KS1 our topic focus this half term is naming and grouping animals according to their characteristics, habitats and diet.

History

In History, we will be learning traditional stories told about historical figures from England, Ireland, Scotland and Wales. We will explore what these stories tell us about the past in these countries.

Music

This half term we will continue to practise our singing for our summer show performance!

PE

Our PE session with Hawkes Health continues to take place on Tuesday.

All children may come to school on Tuesday and wearing their PE kit.

Maths

In Year 1 this half term we will be learning about time and measures.

In Year 2, children will be exploring multiplication and division, before furthering their understanding of money, time and measures.

We will also continue our daily Mastering Number sessions.

Art & DT

This half term KS1 are focussing on craft and design. They will make prints and compositions using a variety of materials, before making a textile pouch.

IT

KS1 will be using the laptops and ipads to develop their word processing skills, using keyboards and apps to support this.

Summer Term 2

PSHE & RE

In PSHE this half term our topic will be 'Growing and Changing'.

In RE, we will investigate what makes a place sacred.
